

FALL 2010 HEALTH PROFESSIONS ADMISSIONS INSTRUCTIONS

MEDICAL LABORATORY TECHNOLOGY

For more information regarding the Health Professions or any other programs at SUNY Orange, please contact the SUNY Orange Admissions Office at (845) 341-4030 or visit us on the web at <http://www.sunyorange.edu/admissions/programs/healthreq.shtml>.

All applicants for a Health Professions Program must meet the requirements listed below for consideration.

- **Students must submit an eligibility form each year they wish to be considered for admission.** However, pre-Admissions Orientations and Observation Forms (if applicable) are valid for three years.
- **All admission requirements must be in and/or complete by February 1st.**
- **Priority in admission to all Health Professions Programs is given to legal Orange County residents and those applicants who have attended SUNY Orange.** Nursing applicants who are not legal Orange County residents are considered only if there are seats available in the program after all Orange County residents are reviewed (unless they graduated from an Orange County high school within 5 years).
- Current enrollment is not required for consideration.
- You may submit an Admissions Eligibility Form for one health program only. If you are interested in Nursing, you must choose either Day or Evening Nursing.

In addition to completing the process listed on the eligibility form before the **February 1st deadline**, New Applicants and Readmitted Students must follow the application process described in the viewbook for admission into the college. Once you apply to the college, you will receive a packet containing a Health Professions Admissions Eligibility Form.

Important Notes Regarding the Health Professions at SUNY Orange

Number of Seats Available in Each Program:

Dental Hygiene: 20	Nursing (Day): 96	Occupational Therapy Assistant: 24
Medical Laboratory Technology: 18	Nursing (Evening Part-Time): 32	Physical Therapist Assistant: 24
		Radiologic Technology: 24

- All Health Professions Programs are two year sequences. As a result, the length of the program will be two years from the fall in which you are accepted.
- All clinical and professional courses in the Health Professions Programs meet during the day with the exception of Evening Nursing (4-10pm).
- Admissions requirements are subject to change each academic year. Please keep in contact with your academic advisor regularly in order to stay informed of possible revisions of admissions requirements.
- Please be aware that meeting the Admissions requirements for a Health Professions Program does not guarantee admission into the program due to a limited number of seats in each program.
- All students accepted into a Health Professions program must successfully complete a physical examination which includes a Tuberculosis screening and 10 panel drug test. Information about this requirement will be distributed to students at the department orientation in the spring/summer after acceptance.
- Students who are applying for a second attempt in a Health Professions Program must submit a re-entry admission form available in the Admissions Office or at the website listed below.

Medical Laboratory Technology

Accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)
5600 N. River Road, Suite 720, Rosemont, IL 60018 (773) 714-8880

This program prepares the students for work as Medical Laboratory Technicians in hospital, physician's office, veterinary, environmental and state laboratories as well as medical research centers and reference laboratories. Students completing the program are also employed by the chemical, cosmetic, food and pharmaceutical industries as Laboratory Technicians.

Program facts about Medical Laboratory Technology

- This program was established in the early 1970s.
- The college admits 18 students in the program each fall semester.
- Over the past five years the pass rate on the national certification examination has been 100%.
- The employment rate for graduates is 100%. Nationally, there are more jobs available than the number of graduates.
- Approximately 75% of our graduates have continued their education at the professional level.

Admissions Requirements

Academic Requirements:

- Earned a high school diploma or GED.
- Eligible to take Freshman English I (ENG 101).
- Eligible to take Elementary Algebra (MAT 101) or have successfully completed Developmental Algebra (MAT 020)
- Attain a minimum cumulative GPA of 2.0.

Department Specific Requirements:

- Attendance at a pre-admission orientation. At this orientation, students will receive and sign off on information pertaining to health forms, drug testing, and criminal record policies.

Selection Process

Students will be considered for admission into this program based on the completion of all mandatory eligibility requirements, highest combination of cumulative GPA and credits completed towards the program* (listed below), and seats available. Students must meet all of the above requirements to be considered for admission into the program.

All Medical Laboratory Technology Admissions Eligibility Requirements must be completed before February 1st in order for a student to be given priority consideration for admission into the program for the fall semester.
